Coming Soon: Principal Variable Universal Life Income III

On January 3, Principal National Life Insurance Company will introduce a new addition to its life insurance portfolio – Principal Variable Universal Life Income IIISM (VUL Income III).

VUL Income III is an enhanced version of Principal Variable Universal Life Income IISM (VUL Income II), with a focus on maximizing income out while also providing strong guarantees during both the accumulation and distribution phases. VUL Income III replaces VUL Income II in approved states.

More Information to Follow

Look for more information in the coming weeks about VUL Income III including product features and sweet spots.

With death benefit guarantees, multiple investment options and retirement income potential, VUL Income III provides your clients with the **Protection, Growth** and **Income** they want and need!

If you are not appointed with any company of the Principal Financial Group® and do not want to receive any further marketing emails, [click here](#) and we'll remove you from our global marketing email list.
